Education

08/2023 - 05/2027

Bachelor's of Science in Statistics and Data Analytics, Computer Science

University of Nebraska- Lincoln

GPA: 3.98

08/2019 - 05/2023

High School Diploma

Elkhorn South High School

Unweighted GPA: 3.9

Objective

Undergraduate student interested in experiences that create a direct positive impact on people's lives in fields such as health or technology, utilizing data analytics and statistical expertise.

Experience

Design Studio Associate

Aug. 2025 - Present

Jeffrey S. Raikes School of Computer Science and Management at University of Nebraska-Lincoln

Developing an agentic AI framework to assist with manual processing and administrative tasks utilizing computer vision for corporate sponsor. Communicating with sponsors, stakeholders, and academic leads to establish clear goals and objectives to execute a defined vision statement

AI in STEM Education Intern

May 2025 - Present

Nebraska Extension, 4-H

Teaching members of the youth ages 8-18 in the focus areas of science, technology, engineering, and math. Creating learning modules to assist learning in statistics, data science, artificial intelligence, and computer science. Utilizing CodePen to create youth-friendly UI illustrating written lesson plans

Undergraduate Researcher

August 2024 - May 2025

University of Nebraska- Lincoln

Researched the addition of classification variables in simple and multiple distance-based linear regression using k-nearest neighbors. Presented in statistics classrooms and in conference setting.

Undergraduate Teaching Assistant

January 2024 - May 2025

University of Nebraska- Lincoln

Provided aid to students on homework assignments and supplemental learning for courses CSCE 235, Introduction to Discrete Structures, and STAT 380, Statistics and Applications. Graded assignments including encouraging and essential feedback

Involvement

Cornhusker Marching Band

Aug. 2023 - Jan. 2026

University of Nebraska- Lincoln

Member (2023-2025). Performed during football halftime shows and end of year highlights concert. Participated in daily early morning rehearsals and represented the university in athletic events. Traveled to and represented the state of Nebraska at Pinstripe and Las Vegas bowl games

Statistics Club

Jan. 2026 - Present

University of Nebraska- Lincoln

President and Founder (2026). Social and professional club towards fostering undergraduate statistics community at the University of Nebraska- Lincoln post Board of Regents decision to eliminate the department. Holds events such as presentation nights, mock consultations, data hackathons
